

Amplification of Tube, 3

Bolt pattern for the feet of the top end. (Part Group 7).
 There are 4 holes topped for 3/8-16 screws on each attachment point. Positional tolerance is ±0.002 with respect to the two centerlines shown.

Hatched area represents size of the 4 locations for attaching the top end. See drawing AST-05-R11 for flatness required.

Note: Datum C is given on drawing AST-05-R11.
