

Azimuth Drive Parts, 2

Part 8-001, Base Plate/Drive Ring (bottom view).

1/2-inch thick annulus turned into bottom of part

Holes may be cut through with dimensions given in AST-08-P01 except as shown.

These two inner notches should be cut through the 1/2-inch ring on bottom of part.

Extend this access hole back through the 1/2-inch ring on bottom of part as shown.

This part of 1/2-inch ring on bottom of part may be either left in place, as shown, or removed.

$\phi 50.00 \pm 0.25$

$\phi 70.00 \pm 0.25$
