

Part 9-003, Altitude Drive Cylinder.
 1.25x3-inch aluminum bar (AISI 7075-T4)
 rolled into a cylinder and welded to the
 supports (parts 9-001, 9-002, and 9-004)
 to maintain the critical dimensions shown.
 Although this piece is shown as 1.25x3-inch
 section, it could be redesigned for slightly
 different sections if necessary. (1 reqd)
