

Enclosure: Front/Back Roof Truss

Front Roof Truss:  
View from Outside

TWO of these end roof trusses are required for the enclosure. The back truss does not have the two horizontal struts.

- Base plate: 8x3x3/16 structural tubing (1/truss)
- Diagonals: 8x8x3/16 structural tubing (2/truss)
- Horizontal struts: 3x1x11ga structural tubing (front truss only)
- Rectangular attachment plate: 3/8 plate (6/truss)
